I expect each student to practice for their lessons and take them very seriously as their parents are trust them to be responsible. Lessons are given each week on the same day and time, but can be changed due to busy schedules and when something comes up. I ask that the parent or student call me the night before or 24 hours before the lesson time to cancel. Life is filled with unexpected happenings as I am a very busy Mom and teacher, so don't feel like missing a lesson is terrible. I will do my very best to work with you in making up the lesson no worries.
